

**Fourth of July
Lake Oroville Dam**

Complete details: orovillechamber.net

530-538-2542

Thank you to the Rotary Club of Oroville and all the other wonderful community businesses and sponsors that have made this event possible.

PLEASE REMEMBER

- Fire danger is extremely high due to the drought conditions. ALL fireworks are illegal outside of Oroville City limits.
- No fireworks, including 'Safe & Sane' are allowed in any area of the Oroville Dam, campgrounds, parking lots, boat ramps or surrounding areas in the County of Butte. The only fireworks allowed will be the authorized display over Lake Oroville.
- No BBQ, grilling, cooking or open flame of any kind are allowed in any of the parking areas. These activities are allowed only in designated day use or campsite areas.
- You may want to bring a flashlight for returning to your vehicle after the event, portable chairs and a light jacket since it can get breezy near the water after dark.

Lake Oroville Fireworks

9:30 Friday, July 4, 2014

OROVILLE
AREA
CHAMBER OF
COMMERCE

Lake Oroville Fireworks

PLEASE Remember These Regulations

1. Any fireworks, including 'Safe & Sane', are illegal outside the limits of the City of Oroville.
2. No unauthorized fireworks displays are allowed in any area of the Oroville Dam, campgrounds, parking lots, or boat ramps or surrounding areas in the County of Butte. This includes 'Safe & Sane' fireworks. The only fireworks allowed will be the display over Lake Oroville.
3. No BBQ, grilling, cooking or open flame of any kind are allowed in any of the area parking. These activities are allowed only in designated day use or campsite areas.
4. Please be extra careful wherever you are this fire season due to the extreme drought conditions.
5. Traffic on top of Oroville Dam will become one way (going in) at 3:00pm on July 4th, or as soon as the Spillway parking lot is full. Oroville Dam will close to all vehicular traffic at 5:00pm. After that time you may leave by the abutment road on the west side of the dam, but you may not return by vehicle.
6. All parking lots, including the Spillway, upper and lower overlook will be open until filled. There is a good amount of street parking in the area but be prepared to walk. ADA parking, with placard or permanent license plate only, is at the south end of the dam, near the permanent restroom facilities.
7. It is recommended that you bring a flashlight for returning to your vehicle after the event, portable chairs and a light jacket since it can get breezy near the water after dark.
8. Special thanks to all of the state, county, and non-profit agencies that work to make this event a reality for the citizens of Oroville and our guests.
